

PRESS RELEASE: 2nd March, 2010

Celebrating a Hard-Working Ox Year with its Agents, and Pouncing on New Business in the Year of the Tiger

The night of the February 26th 2010 was an important and special one in Allianz's calendar as we celebrated the arrival of the Year of the Tiger with our Agents.

The MC for evening was our Agency Manager, Koo Eng Siang, who moved the evening along seamlessly, while ensuring everyone had a good time.

First on the agenda was a speech by Allianz CEO, Karl-Heinz Jung, on the performance of Allianz in 2009. Allianz Group's results were very positive. - net income rose 13 percent to 4.7 Billion Euros, showing its strength even in challenging times. Allianz Singapore returned to profit in 2009 after a turbulent time in the previous year. Mr Jung outlined his wish for more contribution to this in 2010 from Singapore.

Next up, the achievements of the top performing agents were honoured in a Rewards Presentation - celebrating their performance and contribution to Allianz's recovery in 2009.

As more dishes were brought out and the drinks flowed, the warmth and friendliness of the event shone through. As well as the interactions between the Allianz team and the Agents, there was a great deal of camaraderie between the Agents – some of which have known each other for more than 20 years.

Towards the end of the evening, Koo Eng Siang said, "Chinese New Year is a time to celebrate and get together with our families and friends. Our agents are our valued partners of Allianz, and we try to support them as we would our own family."

The evening ended late with everyone leaving with a broad smile and a full stomach – looking forward to a New Year with good health, prosperity and abundance for all.
