

## Allianz Beach Clean-up in Singapore

### Allianz takes to the beaches

Allianz Insurance Company of Singapore (AICS), the property, casualty and motor insurer, organised a 'Beach Clean-Up' on Friday, 11th September as part of its Corporate Social Responsibility programme. More than 50 Allianz employees and their families gathered together at East Coast Park to clean up waste from the open beach front. "Allianz is committed to cleaning and protecting our environment. Our staff volunteered one afternoon with their families to clean up the beach at East Coast," says Mr. Karl-Heinz Jung, CEO of AICS. "We organise several events each year to help social and environmental causes to give back to the community in which we operate," he added.

According to Ocean Conservancy, a non-profit organization dedicated to protecting the ocean and its wildlife, every year, thousands of marine mammals, sea turtles, seabirds and other animals are sickened, injured or killed because of trash in the ocean. The loss of wildlife affects not only the beauty and health of the planet, but also countless local economies based on the bounty of the sea. September 19th marks International Coastal Clean-up Day.
