## Support when you need it most

Certain circumstances in life can be distressing, and not having the right support can make the insurance journey more challenging.

Our dedicated team is here to support you. We encourage you to disclose any additional support needs you may have with confidence - we will make reasonable adjustments where necessary, ensuring you have easy access to our products and services.

If you need to report a potential need, request specific adjustments in our communication, or nominate someone to interact with us on your behalf, please contact our team at [enhancedsupport@e.allianz.com](mailto:enhancedsupport@e.allianz.com) or fill out the online form available at our Enhanced Support page at [www.allianzcare.com/en/support/support-when-you-need-the-most.html](http://www.allianzcare.com/en/support/support-when-you-need-the-most.html).

## MyHealth Digital Services

Through MyHealth, available as a mobile app and online portal, you have easy and convenient access to your cover, no matter where you are or what device you are using.

### MyHealth app and online portal features

#### My policy

Access your policy documents and membership card on the go.

#### My claims

Submit your claims in three simple steps and view your claims history.

#### My contacts

Access our 24/7 multilingual Helpline. Live chat is also available (in English and on the online portal only).

#### Symptom checker

Get a quick and easy assessment of your symptoms.

#### Provider finder

Locate medical providers nearby.

#### Pharmacy aid

Look up the local equivalent names of branded drugs.

#### Medical term translator

Translate names of common ailments into 17 languages.

#### Emergency contact

Access local emergency numbers worldwide.

## Additional useful features

- Update your details online: email, phone number, password, address (if it's the same country as the previous address), marketing preferences, etc.
- View the remaining balance of each benefit that is in your Table of Benefits.
- Pay your premium online and view payments received.
- Add or change your credit card details

All personal data within MyHealth Digital Services is encrypted for data protection.

### Getting started:

1. Login to MyHealth online portal to register. Go to [my.allianzcare.com/myhealth](https://my.allianzcare.com/myhealth), click on 'REGISTER HERE' near the bottom of the page and follow the on-screen instructions. Be ready to provide your policy number, which you can find in your Insurance Certificate.
2. As an alternative, you can register via our MyHealth App. To download it, search for 'Allianz MyHealth' on the Apple App Store or Android's Google Play service.

3. Once set up, you can use the email (username) and password you provided during registration to login to MyHealth online portal or app. The same login details are used for both and in the future, if you change login details for one, it will automatically apply to the other. You don't need to change them in both places. We also offer a biometric login option for the app, for example Touch ID or Face ID, where supported by your device.

For more information, please visit [www.allianzcare.com/en/myhealth.html](https://www.allianzcare.com/en/myhealth.html)

## Web-based services

On [www.allianzcare.com/members](http://www.allianzcare.com/members) you can:

- search for medical providers (you are not restricted to using the providers listed in our directory).
- download forms.
- access our Health and Wellness Library.
- access our 'My expat life' hub – from planning to move, to settling down in your new country, you'll find everything you need to know about moving overseas.

## Second Medical Opinion\*\*

As your health partner, we aim to provide reassurance. Have you been diagnosed with a serious illness or had surgery recommended? Do you want expert help on the best treatment options available and where to get the most appropriate treatment? As part of your cover you have access to our Second Medical Opinion service.

When you access this service, we assign to you a dedicated case manager, i.e. a healthcare professional from our own Medical Team to guide and assist you. Your case manager will ask you to provide all the necessary information about your medical case: then he/she will help you find a hospital, doctor or specialist for the Second Medical Opinion and provide the opinion to you.

To access our service, simply contact us:

**+353 1 630 1301**

[medical.smo@e.allianz.com](mailto:medical.smo@e.allianz.com)

...and ask for the Second Medical Opinion service. You will need to state your policy number for identification.

## Member services included in your cover

Your policy doesn't just cover your medical expenses. It also includes a range of free member services. Check your Table of Benefits to confirm which ones are included in your cover.

### Olive – our health and wellness programme

Designed to motivate and guide you towards a healthier life. It includes access to:

- **Health and Wellness Hub**, offering online health assessments, webinars on wellbeing delivered by specialists, articles on topics such as sleep and nutrition, etc.
- **Our fitness app**, connecting with smart phones, wearable devices and other apps to monitor the number of steps taken, calories burned, sleep schedule and more. You can also join challenges with other users, and/or set up wellness goals and plans for yourself.
- **Mind coaching app**, your chat bot buddy to discuss your feelings with. You can also chat with a human coach, if you want a more personal touch.

### TeleHealth Hub — video consultation services

If your plan includes cover for video consultation services, you have direct access to online doctor appointments. With TeleHealth Hub, you can save time by seeing a doctor via video from the comfort of your home or office. Offering a secure and confidential service, our telehealth network of doctors can provide medical advice, recommend treatments and offer prescriptions for non-emergency concerns. Prescriptions will be available if your plan covers them and if the local regulation allows.

### EAP — Expat Assistance Programme

When challenging situations arise in life or at work, our EAP provides you and your dependants with immediate confidential support. The service includes:

- **Confidential professional counselling** via phone, video or in person on topics such as stress, work/life balance, parenting, anxiety, cultural shock, addiction concerns, etc.
- **Legal and financial referral services**, for example to help buying a home, handling a legal dispute or creating a financial plan.

### Travel Security Services

24/7 access to personal security information and advice for your travels, helpful as the world continues to witness an increase in security threats. You can access:

- **Emergency hotline**, to talk to a specialist for any safety concerns associated with your travel destination.
- **Country intelligence**, which offers information and advice about many countries.
- **Daily security news updates**, to receive email alerts about high-risk events in or near your location, including terrorism or severe weather risks.

To know more or to access the above member services, visit:

\*\* Certain services that may be included in your plan are provided by third party providers. If included in your plan, these services will show in your Table of Benefits.

These services are made available to you subject to your acceptance of your policy's terms and conditions, as well as the service's terms and conditions as set out by the relevant third-party service provider. By accepting the third-party service providers' terms and conditions, you enter a separate contractual relationship directly with them. Their services may be subject to geographical restrictions.

Full details of the third-party service providers' terms and conditions are available in their websites and in the relevant application and/or platform where services may be hosted. The third-party service providers are independent data controllers, and we recommend that you review their privacy notices to understand how they process your personal data. The third-party service providers offer non-insurance services that are not intended to be a substitute for in-person medical consultations, diagnosis, treatment, assessment or care. You understand and agree that the insurer, its reinsurer and their administrators are not responsible or liable for any claim, loss or damage, directly or indirectly resulting from your use of any of these third-party services.

# Understanding how your cover works

## What am I covered for?

You and your dependants are covered for medically necessary treatment and related costs, services and supplies arising from the occurrence or worsening of a medical condition, in accordance with your Table of Benefits and terms and conditions of your policy. Within the scope of your policy, you are covered for medical treatment, costs, services or supplies that:

- we determine to be medically necessary, appropriate for the patient's condition, illness or injury.
- have a palliative, curative and/or diagnostic purpose.
- are performed by a licensed doctor, dentist or therapist.

Your cover is also subjected to:

- **Policy definitions and exclusions** (also available in this guide).
- **Any special conditions** shown on your Insurance Certificate (and on the Special Condition Form issued before the policy comes into effect, where relevant).
- **Any policy endorsements**, these policy terms and conditions and any other legal requirements.
- **Costs being reasonable and customary** – these are costs that are usual within the country of treatment. We will only reimburse medical providers where their charges are in accordance with standard and generally accepted medical procedures. If we consider a claim to be inappropriate, we reserve the right to decline or reduce the amount we pay.
- **Terms agreed for pre-existing medical conditions.** Cover for pre-existing medical conditions (including pre-existing chronic conditions) depends on the medical underwriting terms you accepted.
  - For policies that were fully medically underwritten, pre-existing conditions are generally covered unless we say otherwise in your policy documents.

- For policies with moratorium, pre-existing conditions are only eligible for cover once you've completed a continuous 24-month period after your start date and have not had symptoms, needed or received treatment, medication, a special diet or advice, or had any other indications of the condition during that time.

If you are uncertain whether your planned medical treatment is covered under your plan, please contact our Helpline.

### **Where can I receive treatment?**

You can receive treatment in any country within your area of cover, as shown in your Insurance Certificate.

If the treatment you need is available locally but you choose to travel to another country in your area of cover, we will reimburse all eligible medical costs incurred within the terms of your policy; except for your travel expenses.

If the eligible treatment is not available locally, and your cover includes 'Medical evacuation', we will also cover travel costs to the nearest suitable medical facility. To claim for medical and travel expenses incurred in these circumstances, you will need to complete and submit the Pre-authorisation Form before travelling.

You are covered for eligible costs incurred in your home country, provided that your home country is in your area of cover.

### **What are benefit limits?**

Your cover may be subject to a **maximum plan limit**. This is the maximum we will pay in total for all benefits included in the plan per member, per Insurance Year.

If your plan has a maximum plan limit, it will apply even where:

- the term 'Full refund' appears next to the benefit.

- a specific benefit limit applies - this is when the benefit is capped to a specific amount (e.g. US\$ 30,000).

Benefit limits may be provided on a 'per Insurance Year' basis, on a 'per lifetime' basis or on a 'per event' basis (such as per trip, per visit or per pregnancy).

In some instances, in addition to the benefit limit, we will only pay a percentage of the costs for the specific benefit (e.g. 80% refund).

### **Benefit limits related to maternity**

The benefits '**Routine maternity**' and '**Complications of pregnancy and childbirth**' are paid on either a 'per pregnancy' or 'per Insurance Year' basis. Your Table of Benefits will confirm this.

### **If your maternity benefits are payable on a 'per pregnancy' basis**

When a pregnancy spans two Insurance Years and the benefit limit changes at policy renewal, the following rules apply:

- In year one – the benefit limits apply to all eligible expenses.
- In year two – the updated benefit limits apply to all eligible expenses incurred in the second year, less the total benefit amount already reimbursed in year one.
- If the benefit limit decreases in year two and we have already paid up to or over this new amount for eligible costs incurred in year one, we will pay no additional benefit in year two.

### **Limit for multiple-birth babies, all babies born by surrogacy, adopted and fostered children**

There is a limit for in-patient treatment that takes place in the first three months following birth if the baby:

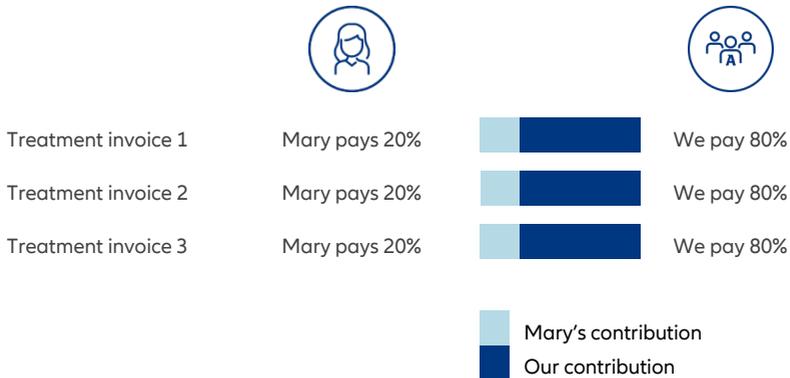

- was born by surrogacy.
- is adopted.

- is fostered.
- is a multiple-birth baby born as a result of medically assisted reproduction.

This limit is US\$ 40,500/SGD 52,650 per child and it applies before any other benefit in your plan. Out-patient treatment is paid under the terms of the Out-patient Plan.

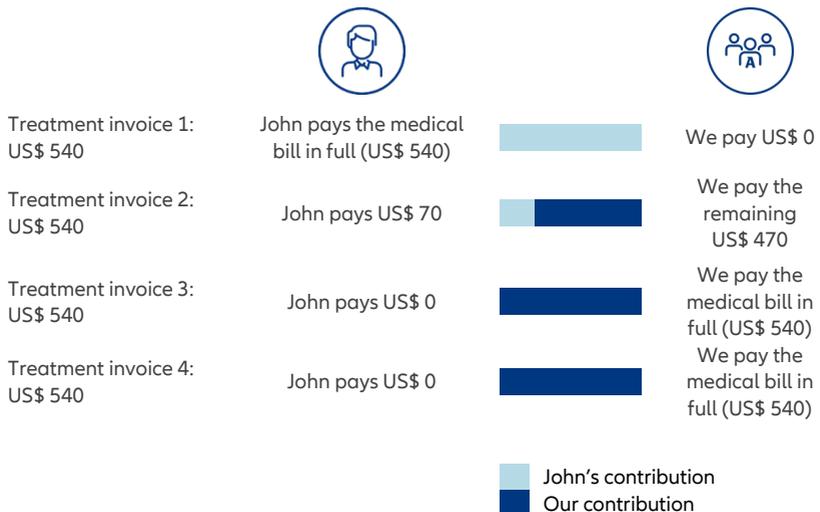

### What are co-payments?

A co-payment is when you pay a percentage of the medical costs. Your Table of Benefits will show whether this applies to your plan. In the following example, Mary requires several dental treatments throughout the year. Her dental treatment benefit has a 20% co-payment, which means that we will pay 80% of the cost of each eligible treatment. The total amount payable by us may be subject to a maximum plan limit.

## What are deductibles?

A deductible (also known in health insurance as an 'excess') is a fixed amount you need to pay towards your medical bills per period of cover before we begin to contribute. Your Table of Benefits will show whether this applies to your plan. In the following example, John needs to receive medical treatment throughout the year. His plan includes a US\$ 610 deductible.

## Seeking treatment?

We understand that seeking treatment can be stressful. Follow the steps below so we can look after the details – while you focus on getting better.

### Check your level of cover

First, check that your plan covers the treatment you are seeking. Your Table of Benefits will confirm what is covered. However, you can always call our Helpline if you have any queries.

### Some treatments require our pre-authorisation

Your Table of Benefits will show which treatments require our pre-authorisation (via a Pre-authorisation Form). These are mostly in-patient and high-cost treatments. The pre-authorisation process helps us assess each case, organise everything with the hospital before your arrival and make direct payment of your hospital bill easier, where possible.

Unless we agree otherwise, if you make a claim without obtaining our pre-authorisation, the following will apply:

- If the treatment received is subsequently proven to be medically unnecessary, **we reserve the right to decline your claim.**
- If the treatment is subsequently proven to be medically necessary, we will pay **80%** of in-patient benefits and **50%** of other benefits.

If you attend a direct settlement hospital, clinic or other medical facility in our medical provider network and we later determine that your claim is ineligible, we have the right to recover the full claim amount from you. If we pay a claim, it isn't an indication of our acceptance of liability for the claim or confirmation that we'll pay further costs for the same medical condition or related medical condition.

If we determine that a claim we've already approved is ineligible, we won't pay for the claim. If we've already paid any costs, you'll need to repay them to us within 14 days or we may withdraw any associated pre-authorisation, cancel your plan and keep the premium. If you'd like us to reassess a claim we've rejected, you'll have to prove that the claim is covered under the plan.

### Getting in-patient treatment (pre-authorisation applies)

Download a Pre-authorisation Form from our website:  
[www.allianz.sg/individual-solutions/international-health.html](http://www.allianz.sg/individual-solutions/international-health.html)

Complete the form and send it to us at least **five working days before treatment**. You can send it by email or post to the address shown on the form.

We contact the hospital to organise payment of your bill directly, where possible.

#### If it's an emergency

Get the emergency treatment you need and call us if you need any advice or support. If you are hospitalised, either you, your doctor, one of your dependants or a colleague needs to call our Helpline (within 48 hours of the emergency) to inform us of the hospitalisation. We can take Pre-authorisation Form details over the phone when you call us.

We can also take Pre-authorisation Form details over the phone if treatment is taking place within 72 hours. Please note that we may decline your claim if pre-authorisation is not obtained, where required.

## Claiming reimbursement for your out-patient, dental and other expenses

If your treatment does not require our pre-authorisation, you can simply pay the bill and claim the expenses from us. In this case, follow these steps:

Receive your medical treatment and pay the medical provider.

Get an invoice from your medical provider. This should state your name, treatment date(s), the diagnosis/medical condition that you received treatment for, the date of onset of symptoms, the nature of the treatment and the fees charged.

Claim back your eligible costs via our MyHealth app or online portal ([www.allianzcare.com/en/myhealth.html](http://www.allianzcare.com/en/myhealth.html)).

Simply enter a few key details, add your invoice(s) and press 'submit'.

### Quick claim processing

Once we have all the information required, we can process and pay a claim within 48 hours. However, we can only do this if you have told us your diagnosis, so please make sure you include this with your claim. Otherwise, we will need to request the details from you or your doctor.

We will email or write to you to let you know when the claim has been processed.

## Evacuations and repatriations

At the first indication that you need medical evacuation or repatriation, please call our 24 hour Helpline and we will take care of it. Given the urgency, we would advise you to phone if possible. However, you can also contact us by email. If emailing, please write 'Urgent – Evacuation/Repatriation' in the subject line.

Please contact us before talking to any providers, even if they approach you directly, to avoid excessive charges or unnecessary delays in the evacuation. In the event that evacuation/repatriation services are not organised by us, we reserve the right to decline the costs.

## Seeking treatment in the USA

If you have worldwide cover, we offer you simple access to medical care in the USA, through our local third-party partner, supporting your access to medical providers in the country.

To access treatment in the USA, simply show your membership card: your medical provider will then contact our third-party partner to sort any paperwork related to your treatment. We will pay the cost of your eligible treatment directly to your medical provider, if applicable; if you are responsible for any part of the costs, your provider will let you know.

For queries or requests for assistance related to treatment in the USA, please find all contact details on the back of your membership card.

## Additional information about claiming for your expenses

### Medical claims

Before submitting a claim to us, please pay attention to the following points:

- **Claiming deadline:** You must submit all claims (via our MyHealth app or online portal) no later than six months after the end of the Insurance Year. If cover is cancelled during the Insurance Year, you should submit your claim no later than six months after the date that your cover ended. After this time, we are not obliged to settle the claim.
- **Claim submission:** You must submit a separate claim for each person claiming and for each medical condition being claimed for.
- **Supporting documents:** When you send us copies of supporting documents (e.g. medical receipts), please make sure you keep the originals. We have the right to request original supporting documents/receipts for auditing purposes up to 12 months after settling your claim. We may also request proof of payment by you (e.g. a bank or credit card statement) for medical bills you have paid. We advise that you keep copies of all correspondence with us as we cannot be held responsible for correspondence that fails to reach us for any reason outside of our control.
- **Deductibles:** If the amount you are claiming is less than the deductible figure in your plan, you can either:
  - collect all out-patient receipts until you reach an amount that exceeds this deductible figure.
  - send us each claim every time you receive treatment. Once you reach the deductible amount, we'll start reimbursing you.

Attach all supporting receipts and/or invoices with your claim.

Please note that if you have insurance in place with another healthcare insurer, and cover for the same in-patient or day-care treatment is eligible under both your plan with the other insurer and your healthcare plan with us:

- You can request that the eligible in-patient and day-care costs paid by the other insurer are accepted as a contribution to the deductible amount on your healthcare plan with us.
- Subject to your request, in addition to any remaining eligible amount payable by us, we will also pay for any deductible or co-pay the other insurer has applied on your claim with them.
- The total amount payable remains subject to any applicable benefit limit on your plan with us.

When making your request please send us a copy of a detailed invoice from the hospital or day-care facility, along with a statement or official document confirming the costs paid by the other insurer.

- **Currency:** Please specify the currency you wish to be paid in. On rare occasions, we may not be able to make a payment in that currency due to international banking regulations. If this happens, we will identify a suitable alternative currency. If we have to make a conversion from one currency to another, we will use the exchange rate that applied on the date the invoices were issued.
- **Reimbursement:** We will only reimburse (within the limits of your policy) eligible costs after considering any pre-authorisation requirements, deductibles or co-payments outlined in the Table of Benefits.
- **Reasonable and customary cost:** We will only reimburse charges that are reasonable and customary in accordance with standard and generally accepted medical procedures. If we consider a claim to be inappropriate, we reserve the right to decline your claim or reduce the amount we pay.
- **Deposits:** If you have to pay a deposit in advance of any medical treatment, we will reimburse this cost only after treatment has taken place.
- **Providing information:** You and your dependants agree to help us get all the information we need to process a claim. We have the right to access all medical records and to have direct discussions with the medical provider or the treating doctor. We may, at our own expense,

request a medical examination by our doctors if we think it's necessary. All information will be treated confidentially. We reserve the right to withhold benefits if you or your dependants do not support us in getting the information we need.

- **Payment into a Medisave account:** If you request for claim reimbursement to be made into your Medisave account, this process will fall outside of the usual claims turnaround time, to allow for additional procedures that need to be followed.

### **Treatment needed as a result of someone else's fault**

If you are claiming for treatment that you need when somebody else is at fault, you must write and tell us as soon as possible. For example, if you need treatment following a road accident in which you are a victim. Please take any reasonable steps we ask of you to obtain the insurance details of the person at fault. We can then recover from the other insurer the cost of the treatment paid for by us. If you are able to recover directly the cost of any treatment that we have paid for, you will need to repay that amount (and any interest) to us.

# Terms and conditions of your cover

## Terms and conditions

This section describes the benefits and rules of your health insurance policy. Please read it together with your Insurance Certificate and Table of Benefits.

Your health insurance policy is an annual contract between us and the insured person(s) named on the Insurance Certificate. The contract is made up of:

- The **Benefit Guide** (this document), which explains the standard benefits and rules of your health insurance policy. It should be read together with your Insurance Certificate and Table of Benefits.
- The **Insurance Certificate**. This states the plan(s) chosen, the start date and renewal date of the policy (and effective dates of when dependants were added), and the geographical area of cover. If any other terms apply which are specific to your cover, these will be stated in the Insurance Certificate. They will also have been detailed on a Special Conditions Form which we send you before you're placed on cover. We'll send you an updated Insurance Certificate if you request a change which we accept, such as adding a dependant, or if we apply a change that we're entitled to make.
- The **Table of Benefits**. This shows the plan(s) selected, the benefits available to you, and states which benefits/treatments require submission of a Pre-authorisation Form. It also confirms any benefits where specific benefit limits, waiting periods, deductibles and/or co-payments apply.
- **Information provided to us** by (or on behalf of) the insured person(s) in the signed Application Form, submitted Online Application Form,

Confirmation of Health Status Form or others (we'll refer to all of these collectively as the 'relevant application form') or other supporting medical information.

# Administration of your policy

## When cover starts

When you receive your Insurance Certificate, this is our confirmation that you've been accepted onto the policy. It will confirm the start date of your cover. Please note that no benefit will be payable under your policy until the initial premium has been paid, with subsequent premiums being paid when due.

Cover for dependants (if applicable) will start on the effective date shown on the most recent Insurance Certificate that lists them as your dependants. Their membership may continue for as long as you are the policyholder and, for children, as long as they remain under the defined age limit. Child dependants can be covered under your policy up until the day before their 18th birthday or up until the day before their 26th birthday if they are in full-time education. At that time, they may apply for cover in their own right under one of our Healthcare Plans for Individuals and Families.

## Adding dependants

Are you getting married or having a baby? Congratulations!

You may apply to include any member of your family as a dependant. The process is different depending on the type of policy you have:

- Policy with full medical underwriting, or
- Policy with moratorium, or
- Policy with CTT/CPME (previously FMU), or
- Policy with CTT/CPME (previously MORI)

Your Insurance Certificate will indicate which type of policy you have; also, you can find definitions of the above types of policies in the 'Definitions' section of this guide.

To add a dependant, simply follow the process described below for your type of policy. Also, if the dependant you want to add is a newborn, please check the paragraph about 'In-patient treatment limits for newborn dependants' further below.

## **Policies with full medical underwriting AND policies with CTT/CPME (previously FMU)**

You may apply to add a family member to your policy by completing the relevant application form. Your new dependant will be subject to medical underwriting and, if accepted, cover will start from the date of acceptance.

However, if the dependant you want to add is a newborn, please follow the guidelines below.

### *How do I add a newborn to my policy?*

Please send an email to [Individual.admin@e.allianz.com](mailto:Individual.admin@e.allianz.com) within four weeks from birth and attach the birth certificate. With the exception of multiple birth babies, we will accept the baby without medical underwriting if the birth parent or intended parent (in the case of surrogacy) has been insured with us for a minimum of eight continuous months. Cover will start at birth.

### *What happens if I don't notify you about the request for adding a baby within four weeks from birth?*

The newborn child will be underwritten and if accepted, cover will start from the date of acceptance.

### *What if I am adding multiple birth babies?*

Multiple birth babies will be underwritten and if accepted, cover will start from the date of acceptance.

## **Policies with moratorium AND policies with CTT/CPME (previously MORI)**

You may apply to add a family member to your policy by completing the relevant application form. If accepted, a new moratorium will apply for that dependant and cover will start from the date on which you notify us or from a later date that you may request.

However, if the dependant you want to add is a newborn, please follow the guidelines below.

### *How do I add a newborn to my policy?*

Please send an email to [Individual.admin@e.allianz.com](mailto:Individual.admin@e.allianz.com) within four weeks from birth and attach the birth certificate. With the exception of multiple birth babies, we will accept the baby without a moratorium if the birth parent or intended parent (in the case of surrogacy) has been insured with us for a minimum of eight continuous months. Cover will start at birth.

*What happens if I don't notify you within four weeks?*

You may apply to add the newborn in your policy by completing the relevant application form. If accepted, a new moratorium will apply for that dependant and cover will start from the date we agree to add them.

*What if I am adding multiple birth babies?*

You may apply to add multiple birth babies in your policy by completing the relevant application form. We will review the application form and, if accepted, we will confirm the date we agree to add the newborn and whether a new moratorium will apply for him/her.

### **In-patient treatment limits for newborn dependants**

There is a limit for in-patient treatment that takes place in the first three months following birth if the baby:

- was born by surrogacy.
- is adopted.
- is fostered.
- is a multiple-birth baby born as a result of medically assisted reproduction.

This limit is US\$ 40,500 / SGD 52,650 per child and it applies before any other benefit in your plan. Out-patient treatment is paid under the terms of the Out-patient Plan.

### **Changes to policyholder**

If a request is made at renewal to change the policyholder, the proposed replacement policyholder will need to complete an application form and full medical underwriting will apply. Please refer to the section on 'Death of the policyholder or a dependant' if the requested change is due to the death of the policyholder.

### **Death of the policyholder or a dependant**

We hope you will never need to refer to this section; however, if a policyholder or a dependant dies, please inform us in writing within 28 days.

If the policyholder dies, the policy will be terminated and a pro rata repayment of the current year's premium will be made if no claims have been filed. We may request a death certificate before a refund is issued. Alternatively, if they wish to, the next named dependant on the Insurance Certificate can apply to become the policyholder and keep the other dependants on their policy. If they apply to do this within 28 days, we will, at our discretion, not add any further special restrictions or exclusions that didn't already apply at the time of the policyholder's death.

If a dependant dies, they will be taken off the policy and a pro rata repayment of the current year's premium for that person will be made, if no claims have been filed. We may request a death certificate before a refund is issued.

### **Changing your level of cover**

If you want to change your level of cover, please get in touch with us before your policy renewal date to discuss your options. Changes to cover can only be made at policy renewal. If you want to increase your level of cover, we may ask you to complete a medical history questionnaire and/or to agree to certain exclusions or restrictions to any additional cover before we accept your application. If an increase in cover is accepted, an additional premium amount will be payable and waiting periods may apply.

### **Changing country of residence**

It is important to let us know when you change your country of residence. This may affect your cover or premium, even if you are moving to a country within your geographical area of cover, as your existing plan may not be valid there.

Contact us to check if your cover is valid in the country you are moving to:  
[Individual.admin@e.allianz.com](mailto:Individual.admin@e.allianz.com)

Cover in some countries is subject to local health insurance restrictions, particularly for residents of that country. It is your responsibility to ensure that your health cover is legally appropriate. If you are not sure, please get independent legal advice, as we may no longer be able to cover you. The cover we provide is not a substitute for local compulsory health insurance.

## Changing your postal address or email address

We will send all correspondence to the address we have on record for you unless requested otherwise. You need to inform us in writing as soon as possible of any change in your home, business or email address.

## Correspondence

When you write to us, please use email or post (with the postage paid). We do not usually return original documents to you, but if you ask us to, we will.

## Renewing your cover

Subject to 'Reasons your membership would end', your policy will automatically renew at the end of every Insurance Year, if:

- the plan or plan combination selected is still available.
- we can still provide cover in your country of residence.
- all premiums due to us have been paid.
- the payment details we have for you are still valid on the policy renewal date. Please update us if you get a new/replacement payment card or if your bank account details have changed.

As part of this automatic process, one month before the renewal date, you will receive a new Insurance Certificate along with details of any policy changes. If you don't receive your Insurance Certificate one month before your renewal date, please notify us.

## Changes that we may apply at renewal

We have the right to apply revised policy terms and conditions, effective from the renewal date. The policy terms and conditions and the Table of Benefits that exist at renewal will apply for the duration of the Insurance Year. We may change the premium, benefits and rules of your membership on your renewal date, including how we calculate/determine premiums and/or the method or frequency of payment. These changes will only apply from your renewal date, regardless of when the change is made and we will not add any restrictions or exclusions which are personal to a member's cover in relation to medical conditions that started after their policy's

inception, provided that they gave us the information we asked them for before incepting and they have not applied for an increase in their level of cover.

We will write to tell you about any changes. If you do not accept any of the changes we make, you can end your membership and we will treat the changes as not having been made if you end your membership within 30 days of the date on which the changes take effect, or within 30 days of us telling you about the changes, whichever is later.

### **Your right to cancel**

You can cancel the contract in relation to all insured persons, or only in relation to one or more dependants, within 30 days of receiving the full terms and conditions of your policy or from the start/renewal date of your policy, whichever is later. Please note that you cannot backdate the cancellation of your membership.

If you wish to cancel, please complete the 'Right to change your mind' form which was included in your welcome/renewal pack. You can send us this form via email: [asia.helpline@e.allianz.com](mailto:asia.helpline@e.allianz.com)

Alternatively, you can post this form to the Client Services Team, using the address provided at the back of this guide.

If you cancel your contract within this 30-day period, you will be entitled to a full refund of the cancelled member(s) premiums paid for the new Insurance Year, provided that no claims have been made. If you choose not to cancel (or amend) your policy within this 30-day period, the insurance contract will be binding on both parties and the full premium owing for the selected Insurance Year will be due for payment, according to the payment frequency that you selected.

## Reasons your membership would end

Please remember that your membership (and that of all the other people listed on the Insurance Certificate) will end:

- if you do not pay any of your premiums on, or before, the date they are due. However, we may allow your membership to continue without you having to complete a Confirmation of Health Status Form, if you pay the outstanding premiums within 30 days after the due date.
- if you do not pay the amount of any Goods & Services Tax, levies or charges that you have to pay under your agreement with us on or before the due date.
- upon the death of the policyholder. Please see the section on 'Death of the policyholder or a dependant' for further details.
- if there is reasonable evidence that the policyholder or any dependants misled or attempted to mislead us. Examples are: giving false information, withholding pertinent information from us, working with another party to give us false information, either intentionally or carelessly, which may influence us when deciding:
  - whether we accept the application for cover.
  - the applicable premium to pay.
  - whether we have to pay a claim.

Please see the section on 'The following terms also apply to your cover' for further details.

- if you choose to cancel your policy, after giving us written notice within 30 days of receiving the full terms and conditions or from the start/renewal date of your policy, whichever is later. Please see section on 'Your right to cancel' for further details.

If your membership ends for reasons other than for fraud/non-disclosure, we will refund any premiums you have paid which relate to a period after your membership has ended, subject to the deduction of any money which you owe us.

If the insurer terminates your policy for any of the reasons above, you will be given three-month notice in writing.

Please note that if your membership ceases, your dependants' cover will also end.

### **Policy expiry**

Please note that upon the expiry of your policy, your right to reimbursement ends. For up to six months after the expiry date, we will reimburse any eligible expenses incurred during the period of cover. However, we will no longer cover any on-going or further treatment that is required after the expiry date of your policy.

## Paying premiums

Premiums for each Insurance Year are based on each member's age on the first day of the Insurance Year, their region of cover, the policyholder's country of residence, the premium rates in effect and other risk factors which may materially affect the insurance.

By accepting cover you have agreed to pay the premium amount shown on your quotation, by the payment method stated. You need to pay us in advance for the duration of your cover. You need to pay the initial premium or first premium instalment immediately after we accept your application.

Subsequent premiums are due on the first day of the chosen payment period. You may choose between monthly, quarterly, half-yearly or annual payments depending on the payment method you choose. When you receive your invoice, please check that the premium matches the amount shown on your agreed quotation and contact us immediately if there is any difference. We are not responsible for payments made through third parties.

You should pay your premium in the currency you selected when applying for cover. If you are unable to pay your premium for any reason, please contact us.

Changes in payment terms can be made at policy renewal, via written instructions, which must be received by us a minimum of 30 days prior to the renewal date. Failure to pay an initial premium or subsequent premium on time may result in loss of insurance cover.

If the initial premium is not paid in time, we are entitled to withdraw from the contract for as long as the payment remains outstanding. The insurance contract is deemed to be null and void unless we assert a claim to the premium in court within three months of the commencement date, the policy start date or the conclusion of the insurance contract. If a subsequent premium is not paid in time, we may, in writing and at your expense, set a time limit of not less than two weeks for you to pay the amount due. After that, we may terminate the contract in writing with immediate effect and will be exempt to pay benefits.

The effects of termination will cease if you make a payment within one month after the termination or, if the termination was combined with the setting of a time limit, within one month after the expiration of the time for payment, provided that no claims have been incurred in the intervening period.

### **Paying other charges**

If applicable, you may also need to pay the following taxes in addition to your premium:

- Goods & Services Tax
- VAT
- Other taxes, levies or charges relating to your cover that we may have to pay or collect from you by law

These charges may already be in effect when you join but they could be introduced (or change) afterwards. Your invoice will show these taxes. If they change or if new taxes are introduced, we will write to inform you.

## The following terms also apply to your cover

### **Applicable law:**

Your membership is governed by laws of Singapore unless otherwise required under mandatory legal regulations. Any dispute that cannot otherwise be resolved will be dealt with by courts in Singapore.

### **Sanctions suspension clause:**

Any benefits, cover and claims payments are suspended if any element of the cover, benefit, activity, business, or underlying business exposes us to:

- any applicable sanction, prohibition or restriction under the United Nations' resolutions, or
- the trade or economic sanctions, laws or regulations of Singapore, the European Union, United Kingdom, or United States of America.

The above suspension will continue until such time as we are no longer exposed to any such sanction, prohibition, or restriction.

### **Policy Owners' Protection Scheme:**

This policy is protected under the Policy Owners' Protection Scheme which is administered by the Singapore Deposit Insurance Corporation (SDIC).

Coverage for your policy is automatic and no further action is required from you. For more information on the types of benefits that are covered under the scheme as well as the limits of coverage, where applicable, please contact us or visit the General Insurance Association of Singapore (GIA) or SDIC web-sites ([www.gia.org.sg](http://www.gia.org.sg) or [www.sdic.org.sg](http://www.sdic.org.sg)).

### **The amounts we will pay:**

Our liability to you is limited to the amounts indicated in the Table of Benefits and any policy endorsements. The amount reimbursed, whether under this policy, public medical scheme or any other insurance will not exceed the figure stated on the invoice.

### **Who can make changes to your policy:**

No one, except an appointed representative is allowed to make changes to your policy on your behalf. Changes are only valid when confirmed in writing by us.

### **When cover is provided by someone else:**

We may decline a claim if you or any of your dependants are eligible to claim benefits from:

- a public scheme.
- any other insurance policy.
- any other third party.

If that is the case, you need to inform us and provide all necessary information. You and the third party cannot agree any final settlement or waive our right to recover expenses without our prior written agreement. Otherwise, we are entitled to get back from you any amount we have paid and to cancel your cover.

We have the right to claim back from a third party any amount we paid for a claim, if the costs were due from or also covered by them. We may take legal proceedings in your name, at our expense, to achieve this. This is called subrogation.

We will not make a contribution to any third-party insurer if the costs are fully or partly covered by that insurer. However, if our plan covers a higher amount than the other insurer, we'll pay the amount not covered by them.

### **Circumstances outside of our control (force majeure):**

We will always do our best for you, but we are not liable for delays or failures in our obligations to you caused by things that are outside of our reasonable control. Examples are extremely severe weather, floods, landslides, earthquakes, storms, lightning, fire, subsidence, epidemics, acts of terrorism, outbreaks of military hostilities (whether or not war is declared), riots, explosions, strikes or other labour unrest, civil disturbances, sabotage and expropriation by governmental authorities.

### **Fraud:**

- a) The information you and your dependants give us, e.g. on the Application Form or supporting documents, needs to be accurate and complete. If it isn't correct or if you don't tell us about things that may affect our underwriting decision, it may invalidate your policy from the start date. You also need to tell us about any medical conditions that arise between completing the Application Form and the start date of the policy. Medical conditions that you don't tell us about will most

likely not be covered. If you're not sure whether certain information is relevant to underwriting, please call us and we'll be able to clarify that. For **policies with moratorium**, the moratorium cover will still apply even if you tell us about any pre-existing medical conditions you might have – we may apply new terms to the plan, void or cancel it and/or reduce or reject any related claims, based on your new material facts.

If the contract is rendered void due to incorrect disclosure or non-disclosure of any material facts, we will refund the premium amount(s) paid to date minus the cost of any medical claims already paid. If the cost of claims exceeds the balance of the premium, we will seek reimbursement of this amount from the principal member.

- b) We will not pay any benefits for a claim if:
- the claim is false, fraudulent or intentionally exaggerated.
  - you or your dependants or anyone acting on your or their behalf use fraudulent means to obtain benefit under this policy.

The amount of any claim we paid to you before the fraudulent act or omission was discovered will become immediately owing to us. If the contract is rendered void due to false, fraudulent, intentionally exaggerated claims or if fraudulent means/devices have been used, premium will not be refunded, in part or in whole, and any pending claims settlements will be forfeited. In the event of fraudulent claims, the contract will be cancelled from the date of our discovery of the fraudulent event.

### **Cancellation:**

We will cancel the policy where you have not paid the full premium due and owing. We will notify you of this cancellation and the contract will be deemed cancelled from the date that the premium payment became due and payable. However, if the premium is paid within 30 days after the due date, the insurance cover will be reinstated and we will cover any claims which occurred during the period of delay. If the outstanding premium is paid after the 30-day limit, you must complete a Confirmation of Health Status Form before your policy can be reinstated, subject to underwriting.

**Making contact with dependants:**

In order to administer your policy, we may need to request further information. If we need to ask about one of your dependants (e.g. when we need to collect an email address for an adult dependant), we may contact you as the person acting on behalf of the dependant, and ask you for the relevant information, provided it is not sensitive information. Similarly, for the purposes of administering claims, we may send you non-sensitive information that relates to a family member.

# Definitions

The following definitions apply to our Healthcare Plans. The benefits you are covered for are listed in your Table of Benefits. If your plan includes any benefit not defined below, the definition will appear in the 'Notes' section at the end of your Table of Benefits. Wherever these words/phrases appear in your policy documents, they will always have the following meanings:

## **Accident**

Sudden, unexpected event that causes injury and is due to a cause external to the insured person. The cause and symptoms of the injury must be medically and objectively definable, allow for a diagnosis and require therapy.

## **Accommodation costs for one parent staying in hospital with an insured child**

Hospital accommodation costs of one parent for the duration of the insured child's admission to hospital for eligible treatment. If a suitable bed is not available in the hospital, we will contribute the equivalent of the daily room rate in a three-star hotel towards any hotel costs incurred. We do not cover sundry expenses such as meals, phone calls or newspapers. Please check your Table of Benefits to confirm whether an age limit applies with regard to your child.

## **Acute**

Sudden onset of symptoms or a medical condition.

## **Allergy testing**

A visit to a licensed practitioner to test for and discover if your symptoms are related to an allergy. If included in your plan as a specific benefit, cover is limited to the amount shown in your Table of Benefits.

## **Cancer screening**

Health checks, tests and examinations for the early detection of illness or disease, performed at appropriate age intervals, without any clinical symptoms being present. To be covered, you need to receive the cancer screening services at a licensed medical institution or a licensed health examination institution, or under the guidance of a doctor in an appropriate setting and in accordance with the international clinical practice guidelines.

## **Child hearing exam**

It provides a contribution towards the services of a suitably qualified and recognised hearing care professional in the country of treatment. To be eligible for this benefit, your child must be

16 years or younger and covered at the time they receive the service. When submitting a claim, please attach a dated invoice from the provider.

### **Child home nursing**

It provides a contribution towards the cost of nursing care at home for an insured dependant aged 16 or younger. Cover is provided if the treating doctor decides that the child needs to receive care at home for medical reasons, following an in-patient treatment of five days or more. The nursing care must:

- start within two weeks of discharge from hospital.
- be completed within six weeks of discharge.
- be provided by a qualified nurse, registered in the country of treatment.

The 'Child home nursing' benefit only applies when your claim is not eligible under the 'Nursing at home or in a convalescent home' benefit or when you have already reached the limit under this benefit. When submitting a claim, please attach a dated invoice from the provider.

### **Child speech and language therapy**

It provides a contribution towards the cost of treatment for dyslexia and dyspraxia for children aged 16 and younger. The services must be provided by a certified speech-language therapist or pathologist in the country of treatment. To be eligible for this benefit, the child must be covered under the policy at the time they receive the service. This benefit is limited to the treatment of dyslexia and dyspraxia only. When submitting a claim, please attach a dated invoice from the provider.

### **Chronic condition**

Sickness, illness, disease or injury that lasts longer than six months or requires medical attention (such as check-up or treatment) at least once a year. It also has one or more of the following characteristics:

- Is recurrent in nature.
- Is without a known, generally recognised cure.
- Is not generally deemed to respond well to treatment.
- Requires palliative treatment.
- Leads to permanent disability.

Please refer to the 'Notes' section of your Table of Benefits to confirm whether chronic conditions are covered.

### **Complementary treatment**

Therapeutic and diagnostic treatment that exists outside of traditional Western medicine. Please refer to your Table of Benefits to confirm whether any of the following complementary treatment methods are covered: chiropractic treatment, osteopathy, Chinese herbal medicine, homeopathy, acupuncture and podiatry as practiced by approved therapists.

### **Complications of childbirth**

Medically necessary costs due to complications of childbirth. Where your plan also includes the benefits 'Routine maternity' or the 'Routine delivery and newborn care', 'Complications of childbirth' includes medically necessary caesarean sections.

### **Complications of pregnancy**

It relates to the health of the mother. Only the following complications that arise during the pre-natal stages of pregnancy are covered: ectopic pregnancy, gestational diabetes, pre-eclampsia, miscarriage, threatened miscarriage, stillbirth and hydatidiform mole.

### **Congenital conditions**

Any abnormality, deformity, disease, disorder, illness, malformation, defect, anomaly or injury that is hereditary or acquired before or during birth. A congenital condition can be diagnosed at birth or later in life.

### **Co-payment**

The percentage of the costs that you must pay. E.g. if a benefit has an 80% refund, this means that a co-payment of 20% applies, therefore we will pay 80% of the costs of each eligible treatment per insured person, per insurance year. Video consultation services are not subject to co-payment when accessed via the TeleHealth Hub.

### **CPME/CTT**

Continuous Personal Medical Exclusions and for Continuous Transfer Terms. These acronyms refer to the continuation of the same underwriting terms, including any special exclusions and/or surcharges, that applied with your previous insurer. You will not be subject to any new personal underwriting terms. Cover will still be governed by the benefits, terms and conditions of the plan with us. The underwriting terms with us can be CPME/CTT previously MORI or CPME/CTT previously FMU. See the 'CPME/CTT previously MORI' and 'CPME/CTT previously FMU' definitions for more information.

### **CPME/CTT previously FMU**

The continuation of your full medical underwriting terms that you had with a previous insurer. Cover will still be governed by the benefits, terms and conditions of the plan with us.

### **CPME/CTT previously MORI**

The continuation of your moratorium start date if you had moratorium underwriting terms that you had with a previous insurer. Cover will still be governed by the benefits, terms and conditions of the plan with us.

### **Day-care treatment**

Planned treatment received in a hospital or day-care facility during the day, including a hospital room and nursing, that does not medically require the patient to stay overnight and where a discharge note is issued.

## **Deductible**

Also referred to as 'excess' in health insurance. It is the part of the cost that is payable by you and that we deduct from the amount we will pay. Where deductibles apply, they are applicable to all benefits and are payable per person per Insurance Year, unless your Table of Benefits states otherwise.

Please note that if you have insurance in place with another healthcare insurer, and cover for the same in-patient or day-care treatment is eligible under both your plan with the other insurer and your healthcare plan with us:

- You can request that the eligible in-patient and day-care costs paid by the other insurer are accepted as a contribution to the deductible amount on your healthcare plan with us.
- Subject to your request, in addition to any remaining eligible amount payable by us, we will also pay for any deductible or co-pay the other insurer has applied on your claim with them.
- The total amount payable remains subject to any applicable benefit limit on your plan with us.

## **Dental prescription drugs**

Drugs prescribed by a dentist for the treatment of dental inflammation or infection. The prescription drugs must be proven to be effective for the condition and recognised by the pharmaceutical regulator in a given country. They do not include mouthwashes, fluoride products, antiseptic gels and toothpastes.

## **Dental prostheses**

Crowns, inlays, onlays, adhesive reconstructions/restorations, bridges, dentures and implants as well as all necessary and ancillary treatment required.

## **Dental surgery**

Surgical extraction of teeth, as well as other tooth-related surgical procedures such as apicoectomy and dental prescription drugs. All investigative procedures that establish the need for dental surgery such as laboratory tests, X-rays, CT scans and MRI(s) are included under this benefit. Dental surgery does not cover surgical treatment that relates to dental implants.

## **Dental treatment**

An annual check-up, simple fillings related to cavities or decay, root canal treatment and dental prescription drugs.

## **Dependant**

Your spouse or partner and unmarried children that are named as dependants on your Insurance Certificate. Children are covered up to the day before their 18th birthday; or up to the day before their 26th birthday if they are in full-time education.

### **Diagnostic tests**

Investigations such as x-rays or blood tests, carried out for diagnostic purposes. These tests are covered when you are already displaying symptoms or when needed following other medical test results. This benefit does not cover annual check-ups or routine screenings.

### **Dietician fees**

Charges for dietary or nutritional advice provided by a health professional who is registered and qualified to practise in the country where the treatment is received. If included in your plan, cover is only provided in respect of eligible diagnosed medical conditions.

### **Digital health app**

It provides a contribution towards one digital health app of your choice per Insurance Year. The app should assist with the prevention, detection or management of a disease or condition such as back pain, diabetes or mental health issues. Cover is provided when the insured member is the subscriber to the app, covered under a valid policy at the time of purchase. When submitting a claim, please attach a dated receipt.

### **Direct family history**

It exists where a parent, grandparent, sibling or child has been previously diagnosed with the medical condition in question.

### **Doctor**

A person who is licensed to practise medicine under the law of the country in which treatment is given and where they are practising within the limits of their licence.

### **Emergency**

The onset of a sudden and unforeseen medical condition that requires urgent medical assistance. Only treatment commencing within 24 hours of the emergency event will be covered.

### **Emergency in-patient dental treatment**

Acute emergency dental treatment for the relief of pain that is due to a serious accident and requires admission to hospital. The treatment must take place within 24 hours of the emergency event. Cover does not extend to follow-up dental treatment, dental surgery, dental prostheses, orthodontics or periodontics. If cover is provided for these benefits, it will be listed separately in the Table of Benefits.

### **Emergency out-patient dental treatment**

Treatment received in a dental surgery or hospital emergency room for the immediate relief of dental pain caused by an accident or an injury to a sound natural tooth. Treatment may include pulpotomy or pulpectomy and the subsequent temporary fillings, limited to three fillings per Insurance Year. Treatment must take place within 24 hours of the emergency event. It does not include any form of dental prostheses, permanent restorations or the continuation of root canal treatment. However, if your policy also includes a Dental Plan, it will cover dental treatment in

excess of the limit on 'Emergency out-patient dental treatment' benefit. In that case, the Dental Plan terms will apply.

### **Emergency out-patient treatment**

Treatment received in a casualty ward or emergency room within 24 hours of an accident or sudden illness, where there is no medical necessity for you to occupy a hospital bed. If your policy includes an Out-patient Plan, it will cover you for out-patient treatment in excess of the limit on 'Emergency out-patient treatment' benefit. In that case, the Out-patient Plan terms will apply.

### **Emergency treatment outside area of cover**

Treatment for medical emergencies which occur during business or holiday trips outside your area of cover. Cover is provided for up to six weeks per trip within the maximum benefit amount. It includes treatment required due to an accident or the sudden beginning or worsening of a severe illness which presents an immediate threat to your health. Treatment by a doctor must start within 24 hours of the emergency event. Cover is not provided for curative or follow-up non-emergency treatment, even if you are deemed unable to travel to a country within your geographical area of cover. Nor does it extend to charges relating to maternity, pregnancy, childbirth or any complications of pregnancy or childbirth. You must tell us if you are going to be outside your area of cover for more than six weeks.

### **Expenses for one person accompanying an evacuated/repatriated person**

Travel costs for one person accompanying the evacuated/repatriated person. If they can't travel in the same vehicle, we will pay for an alternative form of transport at economy rates. Following completion of treatment, we will also cover the cost of the companion's return trip, at economy rates, to the country where the evacuation/repatriation started from. Cover is not provided for hotel accommodation or other related expenses.

### **Family history**

It exists where a parent, grandparent, sibling, child, aunt or uncle has been previously diagnosed with the medical condition in question.

### **First aid course**

Provides a contribution towards a first aid course for insured parents who have a child insured as a dependant. To be eligible for this benefit, you must be covered at the time you attend the course. This benefit is only available where the course is carried out by qualified and recognised professionals. Insured parents can claim this benefit once per policy year. When submitting a claim, please attach a dated invoice from the provider.

### **Full medical underwriting**

The assessment of insurance risk based on information that you give us when applying for cover. Our underwriting team uses this information to decide the terms of our offer.

### **General advice**

Any medical opinion or medical recommendation from a relevant accredited professional body in relation to a medical condition or treatment that confirms, in our reasonable opinion, an established medical practice or opinion.

### **Health and wellbeing checks including screening for the early detection of illness or disease**

Health checks, tests and examinations, performed at appropriate age intervals, without any clinical symptoms being present. To be covered, you need to receive the health and wellbeing screening services at a licensed medical institution or a licensed health examination institution, or under the guidance of a doctor in an appropriate setting and in accordance with the international clinical practice guidelines.

### **HIV or AIDS treatment**

A benefit that covers consultations, investigations, in-patient and out-patient treatment related to a diagnosis of Human Immunodeficiency Virus (HIV) or Acquired Immune Deficiency Syndrome (AIDS). If included in your plan as a specific benefit, cover is limited to the amount shown in your Table of Benefits.

### **Home country**

A country for which you hold a current passport or which is your principal country of residence.

### **Hormone replacement therapy**

The use of female hormones for the relief of symptoms resulting from cessation of ovarian function, either at the time of the natural menopause or following surgical removal of the ovaries. Cover is provided for medical practitioner fees, specialists fees as well as prescription drug expenses.

### **Hospital**

Any establishment that is licensed as a medical or surgical hospital in the country where it operates and where the patient is permanently supervised by a doctor. The following are not considered hospitals: rest and nursing homes, spas, cure-centres and health resorts.

### **Hospital accommodation**

Standard private or semi-private accommodation as shown in the Table of Benefits – deluxe, executive rooms and suites are not covered. We pay the costs for your hospital accommodation and all eligible in-patient/day-care treatment and services that you need while using the room up to the reasonable and customary rates associated with the room type indicated on your Table of Benefits. Deluxe, executive rooms and suites are not covered.

Please note that where your admission to hospital is related to another benefit that is covered under your policy, hospital accommodation might already be included in the same benefit: e.g. if you are hospitalised for cancer treatment, hospital accommodation will be covered under the 'Oncology' benefit, and not under the separate 'Hospital accommodation' benefit. Other examples of benefits (if available in your plan) that already include hospital accommodation

are: 'Psychiatry and psychotherapy', 'Routine maternity', 'Palliative care' and 'Long-term care'. Where your benefit includes hospital accommodation, please note that the room type for 'Hospital accommodation' (as shown in your Table of Benefits) will also apply to that benefit. To continue on the example above, if your 'Hospital accommodation' benefit covers semi-private room type and you are hospitalised for cancer treatment, your 'Oncology' benefit will include cover for semi-private room accommodation only.

If the room type specified in your Table of Benefits is not available in the hospital or you choose a superior room type, we will cover your accommodation (as well as all related inpatient and day-care treatment and services) up to the reasonable and customary rates associated with the room type on your Table of Benefits.

### **Infertility treatment**

All invasive investigative procedures necessary to establish the cause of infertility such as hysterosalpingogram, laparoscopy or hysteroscopy. It also covers treatment such as InVtiro Fertilisation (IVF), for diagnosed cases of infertility. We will cover the cost of treatment for the insured member who receives it, up to the limit indicated in the Table of Benefits. You can't claim under an insured spouse/partner's cover for costs that exceed your benefit limit.

All non-invasive investigative procedures undertaken to establish the cause of infertility are covered within the relevant benefit limits of the Out-patient Plan (if you have one). Examples of benefits that cover non-invasive investigations procedures are 'Diagnostic tests', 'Medical practitioner fees' and 'Specialist fees'.

For multiple-birth babies born as a result of medically assisted reproduction, and all babies born by surrogacy, adopted and fostered children, in-patient treatment is limited to US\$ 40,500/SGD 52,650 per child for the first three months following birth. Out-patient treatment is paid within the terms of the Out-patient Plan.

### **In-patient cash benefit at Singapore Government Restructured Hospitals**

Amount that we pay to you if you receive in-patient treatment at a Singapore Government Restructured Hospital for a medical condition that is covered by us. This cash benefit is limited to the amount specified in the Table of Benefits and is payable after you are discharged from hospital.

### **In-patient treatment**

Treatment received in a hospital where an overnight stay is medically necessary.

### **Insurance Certificate**

A document we issue that outlines the details of your cover. It confirms that an insurance relationship exists between you and us.

### Insurance Year

It applies from the effective date of your policy, as shown on the Insurance Certificate and ends exactly one year later.

### Insured person

You and your dependants as stated on your Insurance Certificate.

### Laser eye treatment

The surgical improvement of the refractive quality of the cornea using laser technology, including the necessary pre-operative investigations.

### Local ambulance

Ambulance transport that is required for an emergency or out of medical necessity, to the nearest available and appropriate hospital or licensed medical facility.

### Long-term care

Care over an extended period of time after the initial acute/curative treatment has been completed. This usually occurs for a chronic condition or disability requiring uninterrupted/continuous medical care, or where treatment options are limited to the existing level of care. Long-term care can be provided at home, in the community, in a hospital, a long-term care facility or in a nursing home.

### Medical advice

Any medical opinion, medical recommendation or information given by a medical professional.

### Medical evacuation

It applies in the following scenarios:

- if the necessary treatment you are covered for is not available locally.
- if adequately screened blood is unavailable in an emergency.

We will evacuate you to the nearest appropriate medical centre (which may or may not be in your home country) by ambulance, helicopter or aeroplane. The medical evacuation should be requested by your doctor and will be carried out in the most economical way that is appropriate to your medical condition. Following completion of treatment, we will also cover the cost of your return trip at economy rates to your principal country of residence.

If you can't travel or be evacuated for medical reasons following discharge from an **in-patient episode of care**, we will cover the reasonable cost of hotel accommodation in a private en-suite room for up to seven days. We do not cover costs for hotel suites, four or five-star hotel accommodation or hotel accommodation for an accompanying person.

If you are evacuated to the nearest appropriate medical centre for **ongoing treatment**, we will cover the reasonable cost of hotel accommodation in a private en-suite room. This cost must be

more economical than the cost of a series of journeys between the nearest appropriate medical centre and your principal country of residence. Hotel accommodation for an accompanying person is not covered.

Where adequately screened blood is not available locally, we will, where appropriate, try to locate and transport screened blood and sterile transfusion equipment, if this is advised by the treating doctor and our own medical experts. We and our agents accept no liability if we are unsuccessful or if contaminated blood or equipment is used by the treating authority.

You must contact us at the first indication that you need an evacuation. From this point onwards, we will organise and coordinate the evacuation until you arrive safely at your destination of care. If evacuation services are not organised by us, we reserve the right to decline all costs incurred.

### **Medical necessity**

Medical treatment, services or supplies that fulfil all of the following:

- Essential to identify or treat your condition, illness or injury.
- Consistent with your symptoms, diagnosis or treatment of the underlying condition.
- In accordance with generally accepted medical practice and professional standards of care in the medical community at the time (this does not apply to complementary treatment methods if they form part of your cover).
- Required for reasons other than the comfort or convenience of you or your doctor.
- Proven and demonstrated to have medical value (this does not apply to complementary treatment methods if they form part of your cover).
- Considered to be the most appropriate type and level of service or supply.
- Provided at an appropriate facility, in an appropriate setting and at an appropriate level of care for the treatment of your medical condition.
- Provided only for an appropriate duration of time.

In this definition, the term 'appropriate' means taking patient safety and cost effectiveness into consideration. In respect to in-patient treatment, 'medically necessary' also means that diagnosis can't be made or treatment can't be safely and effectively provided on an out-patient basis.

### **Medical practitioners**

Doctors who are licensed to practise medicine under the law of the country in which treatment is given and where they are practising within the limits of their licence.

### **Medical practitioner fees**

Fees charged for non-surgical treatment performed or administered by a medical practitioner.

### **Medical repatriation**

An optional level of cover and where provided will be shown in the Table of Benefits. If the necessary treatment for which you are covered isn't available locally you can choose to be medically evacuated to your home country for treatment, instead of to the nearest appropriate medical centre. This only applies when your home country is within your geographical area of cover. Following completion of treatment, we will also cover the cost of your return trip at economy rates, to your principal country of residence. The return journey must take place within one month after treatment has been completed.

You must contact us at the first indication that repatriation is required. From this point onwards we will organise and coordinate all stages of the repatriation until you arrive safely at your destination of care. If the repatriation is not organised by us, we reserve the right to decline all costs incurred.

### **Midwife fees**

Fees charged by a midwife or birth assistant, who, according to the law of the country in which treatment is given, has completed the necessary training and passed the necessary state examinations.

### **Moratorium (MORI)**

A waiting period of 24 months from either your start date or the date shown in the special terms section of your Insurance Certificate that must have passed before claims for any pre-existing medical conditions may become eligible under the plan. This includes the underwriting term CPME/CTT previously MORI. Once you've completed a continuous 24-month period after your start date, your pre-existing medical condition may be covered, provided that you've not had symptoms, needed or received treatment, medication, a special diet or advice, or had any other indications of the condition.

### **Newborn care**

The following essential examinations, diagnostic procedures and treatments as required following birth:

- Customary examinations required to assess the integrity and basic function of the child's organs and skeletal structures
- One hearing examination
- Screening tests for PKU, congenital hypothyroidism and G6PD
- Vitamin K, hepatitis B and BCG vaccinations.

Cover doesn't include further preventive diagnostic procedures, such as routine swabs or blood typing. However, if for medical reasons the child needs any follow-up investigations and treatment, these are covered under the newborn's own policy (if they have been added as a dependant).

For multiple birth babies born as a result of medically assisted reproduction, all babies born by surrogacy, adopted and fostered children, in-patient treatment is limited to US\$ 40,500 / SGD 52,650 per child for the first three months following birth: this limit applies before any other benefit in your plan. Out-patient treatment is paid within the terms of the Out-patient Plan.

### **Non-prescribed physiotherapy**

Treatment provided by a registered physiotherapist without being referred by a doctor in advance. Cover is limited to the number of sessions indicated in your Table of Benefits. A doctor must prescribe any additional sessions over this limit, which will be covered under the 'Prescribed physiotherapy' benefit. Physiotherapy does not include therapies such as Rolfing, Massage, Pilates, Fango and Milta.

### **Nursing at home or in a convalescent home**

Nursing received immediately after, or instead of, eligible in-patient or day-care treatment. We will pay the benefit listed in the Table of Benefits if the treating doctor decides that it is medically necessary for you to stay in a convalescent home or have a nurse in attendance at home. This benefit also needs to be approved by our Medical Director. This benefit doesn't cover spas, cure centres, health resorts, 'Palliative care' or 'Long-term care' definitions.

### **Obesity**

It is diagnosed when a person has a body mass index (BMI) of over 30.

### **Occupational therapy**

Treatment that helps you develop skills needed for daily living and interactions with other people and the environment. These refer to:

- Fine and gross motor skills (how you perform small, precise tasks and whole-body movement).
- Sensory integration (how the brain organises a response to your senses).
- Coordination, balance and other skills such as dressing, eating and grooming.

We will need to see a progress report after every 20 sessions.

### **Oculomotor therapy**

A specific type of occupational therapy that aims to synchronise eye movement when there is a lack of coordination between eye muscles.

### **Oncology**

Specialist fees, diagnostic tests, radiotherapy, chemotherapy and hospital charges related to the treatment of cancer from the point of diagnosis. We also cover the cost of an external prosthetic device for cosmetic purposes, for example a wig for hair loss or a prosthetic bra after breast cancer treatment.

## **Oral and maxillofacial surgical procedures**

Surgical treatment on the mouth, jaws, face or neck performed in a hospital by an oral and maxillofacial surgeon for: oral pathology, temporomandibular joint disorders, facial bone fractures, congenital jaw deformities, salivary gland diseases and tumours.

Unless you hold a Dental Plan, we do not cover procedures performed by an oral and maxillofacial surgeon.

## **Organ transplant**

The following organ or tissue transplants: heart, heart/valve, heart/lung, liver, pancreas, pancreas/kidney, kidney, bone marrow, parathyroid, muscular/skeletal and cornea. We do not reimburse the costs of acquiring organs.

## **Orthodontics**

The use of devices to correct malocclusion (misalignment of your teeth and bite). We only cover orthodontic treatment that meets the medical necessity criteria described below. As the criteria are very technical, please contact us before starting treatment so we can verify if your treatment meets the criteria.

Medical necessity criteria:

- Increased overjet > 6mm but <= 9 mm
- Reverse overjet > 3.5 mm with no masticatory or speech difficulties
- Anterior or posterior crossbites with > 2 mm discrepancy between the retruded contact position and intercuspal position
- Severe displacements of teeth > 4
- Extreme lateral or anterior open bites > 4 mm
- Increased and complete overbite with gingival or palatal trauma
- Less extensive hypodontia requiring pre-restorative orthodontics or orthodontic space closure to obviate the need for a prosthesis
- Posterior lingual crossbite with no functional occlusal contact in one or more buccal segments
- Reverse overjet > 1 mm but < 3.5 mm with recorded masticatory and speech difficulties
- Partially erupted teeth, tipped and impacted against adjacent teeth
- Existing supernumerary teeth

You will need to send us some supporting information to show that your treatment is medically necessary and therefore covered by your plan. The information we ask for may include, but is not limited to:

- A medical report issued by the specialist, stating the diagnosis (type of malocclusion) and a description of your symptoms caused by the orthodontic problem.
- A treatment plan showing the estimated duration and cost of the treatment and the type/material of the appliance used.

- The payment arrangement agreed with the medical provider.
- Proof of payment for orthodontic treatment.
- Photographs of both jaws clearly showing dentition before the treatment.
- Clinical photographs of the jaws in central occlusion from frontal and lateral views.
- Orthopantomogram (panoramic x-ray).
- Profile x-ray (cephalometric x-ray).
- Any other document we may need to assess the claim.

We will only cover the cost of standard metallic braces and/or standard removable appliances. However, we'll cover cosmetic appliances such as lingual braces and invisible aligners up to the cost of metallic braces, subject to the 'Orthodontic treatment' benefit limit.

### **Orthomolecular treatment**

Alternative treatment that aims to restore the individual biochemical balance through supplements. It uses natural substances such as vitamins, minerals, enzymes and hormones.

### **Out-patient surgery**

Surgical procedure performed in a surgery, hospital, day-care facility or out-patient department that does not require you to stay overnight out of medical necessity.

### **Out-patient treatment**

Treatment provided in the practice or surgery of a medical practitioner, therapist or specialist that does not require you to be admitted to hospital.

### **Palliative care**

Ongoing treatment that aims to alleviate the physical/psychological suffering associated with progressive, incurable illness and to maintain quality of life. It includes in-patient, day-care and out-patient treatment following the diagnosis of a terminal condition. We will pay for physical care, psychological care, hospital or hospice accommodation, nursing care and prescription drugs.

### **Partner**

A person you have lived with in a conjugal relationship for a continuous period of 12 months.

### **Periodontics**

Dental treatment related to gum disease.

### **Podiatry**

Medically necessary treatment carried out by a State Registered podiatrist.

### **Post-hospitalisation treatment**

Out-patient treatment required in the 90 days following discharge from an in-patient or day-care treatment for the same acute medical condition. This benefit covers medical practitioners'

fees, specialists' fees, out-patient surgery, prescribed drugs and dressings, MRI, PET and CT scans, X-rays, pathology and other diagnostic tests and procedures.

### **Post-natal care**

Routine post-partum medical care received by the mother for up to six weeks after delivery.

### **Pre-existing conditions**

Medical conditions for which one or more symptoms presented at some point during your or your dependants' lifetime. This applies regardless of whether you or your dependants sought any medical advice or treatment. We would deem any such condition to be pre-existing if we could reasonably assume you or your dependants would have known about it.

### **The following terms about pre-existing conditions apply if your Insurance Certificate shows that your underwriting terms are Full Medical Underwriting or CPME/CTT previously FMU:**

Your policy will cover pre-existing conditions unless we tell you otherwise in writing.

We will also treat as pre-existing any medical conditions that arise between the date you completed the application form and the later of the following:

- the date we issued your Insurance Certificate, or
- the start date of your policy.

Such pre-existing conditions will also be subject to full medical underwriting and if they are not disclosed, they will not be covered. Please refer to the 'Notes' section of your Table of Benefits to confirm if pre-existing conditions are covered.

### **The following terms about pre-existing conditions apply if your Insurance Certificate shows that your underwriting terms are moratorium or CPME/CTT previously MORI:**

Your claim will not be paid if it's relating to a pre-existing medical condition, should one or more of the following have applied within the 24-month period before your start date (or the date shown in your Insurance Certificate):

- It could be reasonably foreseen that the medical condition would occur after your start date.
- The condition clearly showed itself.
- You had signs or symptoms of the condition.
- You asked for advice about the condition.
- You received treatment for the condition, or
- To the best of your knowledge, you were aware you had the condition.

Once you've completed a continuous 24-month period after your date of joining we may cover your pre-existing medical condition provided you've not had symptoms, needed or received treatment, medication, a special diet or advice, or had any other indications of the condition.

## **Pregnancy**

The period of time when you are expecting a baby, from the date of the first diagnosis until delivery.

## **Pre-hospitalisation tests**

Out-patient pre-hospitalisation tests carried out up to 72 hours before in-patient or day-care treatment covered under your plan.

## **Pre-natal care**

Common screening and follow-up tests required during pregnancy. For women aged 35 and over, this includes Triple/Bart's, Quadruple and Spina Bifida tests, amniocentesis and, if directly linked to an eligible amniocentesis, DNA-analysis.

## **Prescribed drugs and dressings**

Drugs when prescribed by a doctor to:

- Treat a confirmed diagnosis or medical condition
- Compensate a lack of vital bodily substances

Prescribed drugs must be clinically proven to be effective for the diagnosed condition. They must also be recognised by the pharmaceutical regulator in the country where you use the prescription. Even if you can legally buy a medication without a doctor's prescription in that country, you must get a prescription for these costs to be covered. You can claim for a supply of up to three months from the prescription date, subject to length of time remaining on the policy.

## **Prescribed glasses and contact lenses including eye examination**

Cover for a routine eye examination carried out by an optometrist or ophthalmologist (one check-up per Insurance Year) and for lenses and glasses to correct vision.

## **Prescribed medical aids**

Any device that is prescribed and medically necessary to enable you to carry out everyday activities. Examples include:

- Biochemical aids such as insulin pumps, glucose meters and peritoneal dialysis machines
- Motion aids such as crutches, wheelchairs, orthopaedic supports/braces, artificial limbs and prostheses
- Hearing and speaking aids such as an electronic larynx
- Medically graduated compression stockings
- Long-term wound aids such as dressings and stoma supplies

We do not cover costs for medical aids that form part of palliative care or long-term care.

## **Prescribed physiotherapy**

Treatment provided by a registered physiotherapist following referral by a doctor.

Physiotherapy (either prescribed, or a combination of non-prescribed and prescribed treatment)

is initially restricted to 12 sessions per condition, after which treatment must be reviewed by the doctor who referred you. If you need further sessions, you must send us a new progress report after every set of 12 sessions, indicating the medical necessity for more treatment.

Physiotherapy does not include therapies such as Rolfing, massage, Pilates, Fango and Milta.

### **Preventive surgery**

Prophylactic mastectomy or prophylactic oophorectomy. We will pay for preventive surgery when:

- you have a direct family history of a disease that is part of a hereditary cancer syndrome (for example, breast cancer or ovarian cancer), and
- genetic testing has established the presence of a hereditary cancer syndrome.

### **Preventive treatment**

Treatment you receive without any clinical symptoms being present at the time of treatment (e.g. the removal of a pre-cancerous growth). This benefit is covered when the 'Preventive treatment' benefit is listed in your Table of Benefits.

### **Principal country of residence**

The country where you and your dependants (if applicable) live for more than six months of the year.

### **Psychiatry and psychotherapy**

Treatment of mental, behavioural and personality disorders including autism spectrum and eating disorders. Treatment must be carried out by a psychiatrist, clinical psychologist or licensed psychotherapist. The condition must be clinically significant and the treatment medically necessary.

All day-care or in-patient admissions must include prescription medication related to the condition.

Out-patient psychotherapy treatment (where covered) requires referral by a doctor and is limited for 10 sessions per condition initially. After every 10 sessions a psychiatrist must review the treatment. If you need more sessions, you must send us a progress report that indicates the diagnosis and the medical necessity for further treatment.

Counselling is available through our Expat Assistance Programme (EAP) and refers to short-term, solution-focused interventions, and typically deals with current issues that are easily resolved on the conscious level. This is not meant for longer-term situations or the treatment of clinical disorders.

EAP can help you and your immediate family deal with challenging situations that may arise in life, such as stress, anxiety, bereavement, workplace challenges, relationship issues, cross-cultural transition, coping with isolation and loneliness.

### **Reasonable and customary**

Treatment costs that are usual within the country of treatment. We will only reimburse the cost of medical providers where their charges are reasonable and customary and in accordance with standard and generally accepted medical procedures.

### **Rehabilitation**

Treatment that combines therapies such as physical, occupational and speech therapy. It aims to restore original form or function after an acute illness, injury or surgery. Treatment must take place in a licensed rehabilitation facility and start within 14 days of discharge from acute medical and/or surgical treatment. Where an admission to the rehabilitation facility is required and pre-authorized by us, in-patient or day-care accommodation costs will be covered under the 'Rehabilitation' benefit.

### **Repatriation of mortal remains**

The transportation of the deceased insured person's remains to their home country. If the insured passes away in their home country, we will cover transportation to the location of burial or cremation in that country, or to another home country where more than one home country exists. We cover costs such as: embalming, a container legally appropriate for transportation, shipping and the necessary government authorisations. Cremation costs will only be covered if the cremation is required for legal purposes. We do not cover costs incurred by anyone accompanying the remains unless this is listed as a specific benefit in your Table of Benefits.

### **Routine delivery**

Medically necessary costs incurred during childbirth. This includes hospital charges, specialist fees, midwife fees (during labour only) and newborn care (see the definition of 'Newborn care' for what we cover under this benefit and for in-patient treatment limits that apply to adopted and fostered children, all babies born by surrogacy and multiple birth babies born as a result of medically assisted reproduction). We do not cover costs of complications of pregnancy and childbirth under the 'Routine delivery' benefit. Caesarean sections that are not medically necessary are covered up to the cost of a routine delivery in the same hospital, subject to any benefit limits. Medically-necessary caesarean sections are paid for under the 'Complications of childbirth' benefit.

In case of home deliveries, we will pay a lump sum up to the amount specified in the Table of Benefits if your plan includes the 'Home delivery' benefit.

### **Routine maternity**

Medically necessary costs incurred during pregnancy and childbirth. This includes hospital charges, specialist fees, the mother's pre-natal and post-natal care, midwife fees (during labour only) and newborn care (see the definition of 'Newborn care' for what we cover under this benefit and for in-patient treatment limits that apply to adopted and fostered children, all babies born by surrogacy and multiple birth babies born as a result of medically assisted reproduction).

Please note that 3D and 4D ultrasound scans are covered up to the cost of a 2D scan only.

Caesarean sections that are not medically necessary are covered up to the cost of a routine delivery in the same hospital, subject to any 'Routine Maternity' benefit limits. Medically-necessary caesarean sections are paid for under the 'Complications of childbirth' benefit.

In case of home deliveries, we will pay a lump sum up to the amount specified in the Table of Benefits if your plan includes the 'Home delivery' benefit.

### **Specialist**

A licensed doctor possessing the additional qualifications and expertise necessary to practise as a recognised specialist in diagnostic techniques, treatment and prevention in a particular field of medicine.

### **Specialist fees**

Non-surgical treatment performed or administered by a licensed doctor. This benefit does not include cover for psychiatrist, psychologist fees or any treatment that is already covered by another benefit under your Table of Benefits. We don't cover specialist treatment that is excluded under your policy.

### **Speech therapy**

Treatment carried out by a qualified speech therapist to treat diagnosed physical impairments. This includes conditions such as nasal obstruction, neurogenic impairment (e.g. lingual paresis, brain injury) or articulation disorders involving the oral structure (e.g. cleft palate).

### **Surgical appliances and materials**

Those required for surgeries. They include artificial body parts or devices such as joint replacement materials, bone screws and plates, valve replacement appliances, endovascular stents, implantable defibrillators and pacemakers.

### **Therapist**

A chiropractor, osteopath, podiatrist, Traditional Chinese Medicine practitioner, homeopath, acupuncturist, ayurvedic practitioner, physiotherapist, speech therapist, occupational therapist or oculomotor therapist, who is qualified and licensed under the laws of the country in which treatment takes place.

### **Travel costs of insured family members in the event of an evacuation/repatriation**

The reasonable transportation costs of all insured family members of the evacuated or repatriated person, including minors who might otherwise be left unattended. If all family members can't travel in the same vehicle with the evacuated/repatriated person, we will pay for their round-trip transport at economy rates.

The 'Travel costs of insured family members in the event of a repatriation' benefit is covered if you have a repatriation plan. Cover does not include hotel accommodation or other related expenses.

#### **Travel costs of insured family members in the event of the repatriation of mortal remains**

The reasonable transportation costs of any insured family members who had been living abroad with the insured person who died, to travel to the country of burial of the deceased. Reasonable transportation costs are considered to be round trip transport costs at economy rates. Cover does not include hotel accommodation or other related expenses.

#### **Travel costs of insured members to be with a close relative who is at peril of death or who has died**

The reasonable transportation costs of insured members to be with a close relative who is at peril of death or who has died (up to the amount specified in your Table of Benefits). Cover includes one round trip per insured member per Insurance Year. If the close relative has passed away, travel must commence within six weeks of their date of death.

A close **relative** is a spouse/partner, parent (including legally adoptive parent), stepparent, legal guardian, parent in law, brother or sister (including stepbrother/stepsister and brother/sister in law), child (including adopted child, fostered child or step-child), son or daughter in law, grandparent or grandchild.

**Reasonable transportation costs** are considered to be round trip transport costs at economy rates. When claiming, please include copies of the travel tickets and the death certificate or a doctor's certificate supporting the reason for travel. We will cover one claim per lifetime of the policy. Cover does not include hotel accommodation or other related expenses.

#### **Treatment**

Medical, surgical or therapeutic interventions received to diagnose, cure or relieve illness and injury or physical and mental health disorder.

#### **Treatment of autism spectrum disorder**

A range of therapies to improve the skills of an insured person with autism. This includes specialist medical treatment and accredited behavioural programmes. Treatment is covered as part of the 'Psychiatry and psychotherapy' benefit of your Out-patient Plan, if you have one. Check your Table of Benefit for any limits that may apply. We don't cover admissions, stays or day care treatment at specialised educational facilities.

#### **Treatment of eating disorders**

A combination of psychotherapies, including cognitive behavioural therapy, medical monitoring, prescribed medication and nutritional counselling to treat anorexia nervosa, bulimia nervosa and binge-eating disorder.

All day-care or in-patient admissions must include prescription medication related to the condition.

Out-patient therapy (where covered) requires referral by a doctor and is limited for 10 sessions per condition initially. After every 10 sessions, a psychiatrist must review the treatment. If you need more sessions, you must send us a progress report that indicates the diagnosis and the medical necessity for further treatment.

Treatment is covered as part of the 'Psychiatry and psychotherapy' benefit of your Out-patient Plan, if you have one. Check your Table of Benefit for any limits that may apply.

### **Vaccinations**

- All basic immunisations and booster injections in line with the international medical guidelines that apply in the country where they are administered.
- Vaccination against COVID-19\*, where this is not offered for free or only partially sponsored by the government in your country of residence.
- Medically necessary travel vaccinations.
- Malaria prevention tablets.

We cover the cost of consultation for administering the vaccine and the cost of the drug.

\*We cover any COVID-19 vaccine when:

- The vaccine has completed the necessary clinical development process, including all pre-licensure vaccine clinical trials (phase I, II and III) that demonstrate its efficacy and safety.
- The vaccine has completed the multi-step approval process for the relevant regulating authority and is approved for use in the jurisdiction where you require it.
- The vaccine is not offered for free or only partially sponsored by the government of the country in which you reside.

We cover the reasonable and customary cost of the COVID-19 vaccine, including the administration of the injection, in line with local public health policies related to the allocation of vaccines. We do not pay towards the travel cost if you decide to travel to a different country from where you normally reside in order to get the vaccination. Please note that cover is not intended to give you priority access to vaccines.

### **Video consultation services**

They provide direct access to a doctor via a telecommunication platform. This benefit covers the costs of video consultations, as indicated in your Table of Benefits and offers medical advice, diagnosis and issuance of a prescription, if needed, for non-urgent medical care. Access to teleconsultation services and prescriptions will depend on your geographical location and local country regulations. You can make an appointment to speak to a medical practitioner in English, subject to availability. Some third party providers may offer additional core languages. Cost of medicines are not included, but delivery of medicine or referrals may or may not be

included under this benefit, even when prescribed or recommended during the video consultation.

### **Waiting period**

A period of time that begins on your policy start date (or effective date if you are a dependant), during which you are not entitled to cover for particular benefits. Your Table of Benefits shows which benefits are subject to waiting periods.

### **We/Our/Us**

Allianz Insurance Singapore Pte. Ltd.

### **You/Your**

The policyholder and any dependants named on the Insurance Certificate.

# Exclusions

Although we cover most medically necessary treatment, we do not cover the following expenses unless indicated otherwise in the Table of Benefits or in any written policy endorsement.

## **ACQUISITION OF AN ORGAN**

Expenses for the acquisition of an organ such as, but not limited to donor search, typing, harvesting, transport and administration costs.

## **CHEMICAL CONTAMINATION AND RADIOACTIVITY**

Treatment for any medical conditions arising directly or indirectly from chemical contamination, radioactivity or any nuclear material, including the combustion of nuclear fuel.

## **COMPLEMENTARY TREATMENT**

Complementary treatment, with the exception of those treatments shown in the Table of Benefits.

## **COMPLICATIONS CAUSED BY CONDITIONS NOT COVERED UNDER YOUR PLAN**

Expenses incurred because of complications directly caused by an illness, injury or treatment for which cover is excluded or limited under your plan.

## **CONSULTATIONS PERFORMED BY YOU OR A FAMILY MEMBER**

Consultations performed and any drugs or treatments prescribed by you, your spouse, parents or children.

## **COSMETIC TREATMENT**

Any cosmetic treatment, even when medically prescribed. This includes treatment carried out by a plastic surgeon, whether or not for medical/psychological purposes. The following exceptions apply:

- **Reconstructive surgery necessary to restore function or appearance after a disfiguring accident or as a result of surgery for cancer, if the accident or initial surgery was also covered by this policy.**

- Gender reassignment surgery, if you meet the criteria for gender dysphoria services.

#### **DENTAL VENEERS**

Dental veneers and related procedures.

#### **DEVELOPMENTAL DELAY**

Delay in cognitive or physical development, unless a child has not achieved the developmental milestones expected for a child of that age. We do not cover conditions in which a child is slightly or temporarily lagging in development. The developmental delay must have been quantitatively measured by qualified medical professionals and documented as a delay in development of at least 12 months.

#### **DRUG ADDICTION OR ALCOHOLISM**

Care and/or treatment of drug addiction or alcoholism (including detoxification programmes and treatments to stop smoking), death associated with drug addiction or alcoholism, or the treatment of any condition that in our reasonable opinion is related to, or a direct consequence of, alcoholism or addiction (e.g. organ failure or dementia).

#### **EXPERIMENTAL OR UNPROVEN TREATMENT OR DRUG THERAPY**

Any form of treatment or drug therapy that in our reasonable opinion is experimental or unproven, based on generally accepted medical practice.

#### **FAILURE TO SEEK OR FOLLOW MEDICAL ADVICE**

Treatment required as a result of failure to seek or follow medical advice.

#### **FAMILY THERAPY AND COUNSELLING**

Costs in respect of a family therapist or counsellor for out-patient psychotherapy treatment.

#### **FEES FOR THE COMPLETION OF A CLAIM FORM**

Doctor's fees for the completion of a Claim Form or other administration charges.

#### **GENETIC TESTING**

Genetic testing, except:

- where specific genetic tests are included within your plan.

- where DNA tests are directly linked to an eligible amniocentesis i.e. in the case of women aged 35 or over.
- where testing for genetic receptor of tumours is covered.

### **HOME VISITS**

Home visits, unless they are necessary after the sudden onset of an acute illness that leaves you incapable of visiting your doctor or therapist.

### **INFERTILITY TREATMENT**

Infertility treatment including medically assisted reproduction or treatment for any medical problems arising from it, unless you have a specific benefit for infertility treatment or have an Out-patient Plan. If you have an Out-patient Plan we will only cover non-invasive investigations into the cause of infertility (within the limits of your Out-patient Plan).

### **INJURIES OR ILLNESSES CAUSED BY EXTREME OR PROFESSIONAL SPORTS**

Treatment or diagnostic procedures for injuries or illnesses arising from taking part in extreme or professional sports or activities but not limited to:

- Mountain sports such as abseiling, mountaineering and racing of any kind (except for racing on foot).
- Snow sports such as bobsleigh, luge, mountaineering, skeleton, skiing off-piste and snowboarding off-piste.
- Equestrian sports such as hunting on horseback, horse jumping, polo, steeple chasing or horse-racing of any kind.
- Water sports such as potholing (solo caving) or cave diving, scuba diving to a depth of more than 10 metres, high diving, white water rafting and canyoning.
- Car and motorcycle sports such as motorcycle riding and quad biking.
- Combative sports.
- Air sports such as flying with a microlight, ballooning, hang gliding, paragliding, parascending and parachute jumping.

#### **PRE-EXISTING CONDITIONS (APPLICABLE TO POLICIES WITH FULL MEDICAL UNDERWRITING OR CPME/CTT PREVIOUSLY FMU)**

Pre-existing conditions (including pre-existing chronic conditions) when:

- indicated on a Special Conditions Form that we issue before your policy starts.
- conditions were not disclosed on the application form.
- conditions arise between completing the application form and the later of the following:
  - the date we issue your Insurance Certificate, or
  - the start date of your policy.

Such conditions will also be subject to medical underwriting and if not disclosed, will not be covered.

## **PRE-EXISTING CONDITIONS (APPLICABLE TO POLICIES WITH MORATORIUM OR CPME/CTT PREVIOUSLY MORI)**

Pre-existing medical conditions when one or more of the following have applied within the 24-month period before your date of joining (or the date shown in your Insurance Certificate):

- It could be reasonably foreseen that the medical condition would occur after your start date.
- The condition clearly showed itself.
- You had signs or symptoms of the condition.
- You asked for advice about the condition.
- You received treatment for the condition
- To the best of your knowledge, you were aware you had the condition.

Once you've completed a continuous 24-month period after your date of joining your pre-existing medical condition may be covered provided you've not had symptoms, needed or received treatment, medication, a special diet or advice, or had any other indications of the condition.
